

NEXT GENERATION SCIENCE IMPLEMENTATION CLASSROOM INNOVATIONS

A Protocol for Teacher Collaboration

MARCH TO JUNE 2021

12 HOURS OF PROFESSIONAL LEARNING

STIPEND OF \$250 IF PLC ARE HELD AFTER CONTRACT

The Classroom Innovations guide is designed to support teachers in professional learning communities (PLCs) working to implement the STEM Ready! Science Standards one innovation at a time. This PLC model is designed to meet the unique needs of the school community offering a flexible approach that allows PLCs to choose the path of the learning based on the collective needs of the school community.
