

# Six Components Reading Approach

A model for high-dosage tutoring *AND* professional development

Oral Language Development ~ Phonics ~ Fluency ~ Vocabulary ~ Phonemic Awareness ~ Comprehension  
every student  
every component ~ every week

Based on findings of the National Reading Panel and What Works Clearinghouse research reports. Implemented in 45 NM districts through BCSCR and CLPlus by the **Three Rivers Education Foundation**. Now offered by the **Four Corners REC #1**. Same program director!

## prior outcomes

**TUTORED STUDENTS / SEMESTER**  
1+ grade-level gain in reading skills  
further behind = bigger gains  
more powerful than classroom instruction

**NON-TUTORED STUDENTS—PARCC**  
tutors' students vs. others' students  
significantly higher PARCC ELA levels  
tutors improved their classroom instruction

## how it looks

groups of 3–4 students: K–12  
2+ hours of tutoring per week  
your teachers & EAs  
instructional reporting  
iReady pretest & posttest  
every component every week

## what we do

set-up / student selection support  
tutor trainings each semester  
twice-monthly tutor coaching  
instructional guidance  
individual review & feedback  
monitoring & tracking  
data analysis, next-step planning

## other details

Start in spring 2022! (Help your students prepare for spring assessments.)

Annual program cost: \$12,900

No specific school resources needed: Just time, space, and easy access to books!

Share iReady and state assessment data (iReady accounts provided as needed).
